

## Steca Solsum

2525, 4040

Solar charge controllers Steca Solsum 2525 and 4040 are newly developed products based on the internationally renowned controller family Solarix PRS. With increased module and load current, the controllers are now also suitable for even larger systems. The devices also feature an integrated USB charging port for charging smartphones and tablets. The controllers demonstrate impressive performance, are simple to use and offer unbeatable value for money.

Several LEDs in various colours give information on the battery's state of charge. Here, Steca's latest algorithms are employed, resulting in optimal battery maintenance. The Steca Solsum charge controllers are equipped with an electronic fuse, thus making optimal protection possible. They operate on the serial principle, and separate the solar module from the battery in order to protect it against overcharging.

For larger projects, the charge controllers can also be equipped with special functions: e.g. with night light function and selectable charging plateau and deep-discharge protection voltages.

### Product features

- Series controller
- Automatic detection of voltage
- Voltage regulation
- PWM control
- Multistage charging technology
- Current compensated load disconnection
- Automatic load reconnection
- Temperature compensation
- Negative earthing of one or positive earthing of several terminals possible
- Monthly maintenance charge
- USB charge socket for smartphones and tablets

### Electronic protection functions

- Overcharge protection
- Deep discharge protection
- Reverse polarity protection of module ( $\leq 36\text{ V}$ ), load and battery
- Automatic electronic fuse
- Short circuit protection of load and module
- Overvoltage protection at module input
- Open circuit protection without battery
- Reverse current protection at night
- Overtemperature and overload protection
- Load disconnection on battery overvoltage

### Displays

- Multifunction LED display
- Multi-coloured LED
- 5 LEDs show operating states  
~ for operation, state of charge, fault messages

### Options

- Evening or night light function pre-set in the factory or adjustable via Steca PA RC 100
- Parameterisation of function values via Steca PA RC 100

### Certificates

- Compliant with European Standards (CE)
- RoHS compliant
- Made in Germany
- Developed in Germany
- Manufactured according to ISO 9001 and ISO 14001

### Steca accessories

- Remote control Steca PA RC100

BASIC

Quality made in Germany

25 A...40 A

	2525	4040
<b>Characterisation of the operating performance</b>		
System voltage	12 V (24 V)	
Own consumption	< 4 mA	
<b>DC input side</b>		
Open circuit voltage solar module (at minimum operating temperature)	< 47 V	
Module current	25 A	40 A
<b>DC output side</b>		
Load current**	25 A	40 A
USB charge socket	5.2 V / 1.5 A	
Reconnection voltage (LVR)*	12.4 V ... 12.7 V (24.8 V ... 25.4 V)	
Deep discharge protection (LVD)*	11.2 V ... 11.6 V (22.4 V ... 23.2 V)	
<b>Battery side</b>		
Charge current	9 V ... 17 V (17.1 V ... 34 V)	
End of charge voltage*	13.9 V (27.8 V)	
Boost charge voltage*	14.4 V (28.8 V)	
Equalisation charge*	14.7 V (29.4 V)	
Set battery type*	liquid	
<b>Operating conditions</b>		
Ambient temperature	-25 °C ... +50 °C	
<b>Fitting and construction</b>		
Terminal (fine / single wire)	16 mm <sup>2</sup> / 25 mm <sup>2</sup> - AWG 6 / 4	
Degree of protection	IP 32	
Dimensions (X x Y x Z)	187 x 97 x 45 mm	
Weight	345 g	

\* adjustable via Steca PA RC100

Technical data at 25 °C / 77 °F

\*\* Inverters must not be connected to the load output.
